

A TUTORIAL ON INDUCED ELECTROHYDRODYNAMIC FORCES

by

JAMES R. MELCHER.

Massachusetts Institute
of Technology

Table of Contents

<u>Section</u>		<u>Page</u>
I	Introduction.....	1
II	Simple Examples of Polarization Forces.....	4
III	The Polarization Force Density.....	9
IV	Stress Tensors and Surface Forces.....	15
V	Force Representations.....	17
VI	Imposed Field and Self Field Effects on Static Equilibria.....	25
